Terms and Conditions

Admission Criteria

Applicants are required to have:

- Recognised qualifications within their field of professional practice
- At least 5 years clinical experience (post-graduation)
- Substantial hours of supervision of their own clinical work
- An ability to conduct a minimum of 12 hours of supervision while participating in the course, and to receive 4 hours of supervision for this from course approved supervisors (included in course fee).

Application Process

Upon receipt of your completed Application Form you will be sent an invoice for a \$500 deposit. The deposit is due by 13 January, 2024.

You will be contacted by one of the trainers to discuss your application and will be notified in due course of the success of your application.

Full payment of the balance of the course fee is required 2 weeks prior to commencement of the course to secure your registration. An instalment plan option may be available by request.

To take advantage of the **early bird discount**, course fees must be **paid in full by 13 January, 2024**

Cancellation Policy

A refund of the course fee, less the \$500 deposit, is given for cancellations received in writing up to 14 days prior to the commencement of the course. For cancellations received less than 14 days prior to the commencement of the course, no refund is payable. No refund will be given for withdrawal once the training has commenced. In exceptional circumstances a partial refund may be available at the discretion of the trainers.

Attendance

A trainee who misses more than one training session will not be considered to have met the requirements of the course for successful graduation. Trainees are expected to be present for the entirety of each session.

In the instance of unavoidable absences, and in order to fully complete the training, it may be possible to compensate for missed training sessions by participating in relevant sections of a subsequent course. Seven days' notice and payment of relevant fees is required.

Assessment

In addition to meeting the attendance requirements, trainees must complete a number of written and practice requirements to satisfy the course criteria for successful graduation. These requirements are outlined in further detail at the commencement of the course.
